

Features

"Made in the USA" Proudly made by over 600 craftsmen in our factories located in southwest Virginia.

Our tables and server tops feature catalyzed varnish finish which provides superior moisture and scratch protection.

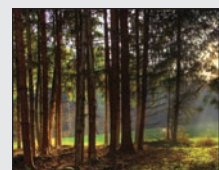

All our table legs come with adjustable levelers for maximum stability.

Our wooden chairs feature shaped saddle seats for added style and comfort.

The woven seagrass chair and bench seats for a relaxed natural look.

We replace every tree used to make our LMC^o. Dining Collection through a unique program developed with the Virginia Department of Forestry.

Every table, server, bench and chair leg is made from solid maple.
