## A TREE FOR A TREE

Rooted in the small-town community of Galax, Virginia, Vaughan-Bassett is the largest manufacturer of wooden residential furniture in the United States. It is no secret that our local craftsmen and the surrounding Appalachian forests create a rich environment for company growth and success.

For every Appalachian tree that is cut down to build our furniture, another tree is planted in its place. We are making a sustainable future for America's small-towns, forests and companies.

All storage pieces are crafted from cherry veneers and hardwood solids. It's transitional styling includes shaped tops with framed end panels, arched base rails and tapered solid wood legs. The picture framed drawer fronts are adorned with satin nickel pulls on white, merlot and grey finishes with burnished brass on the cherry finish.
