THE JOINERY COLLECTION

Classic Craftsmanship for Modern Living.

Introducing the Joinery Bedroom Collection from Artisan and Post, a masterful blend of traditional craftsmanship and contemporary elegance. Made from solid American oak, each piece highlights exceptional craftsmanship, featuring details like visible mortise and tenon joinery, English dovetail joinery, dual under-mounted ball-bearing drawer guides, smooth acrylic-finished drawer interiors, and soft-close drawer mechanisms.

Hand crafted by artisans in southern Virginia, Joinery is available in three finishes – Natural Oak, Espresso Oak, and Washed White Oak.

Each of these finishes highlight the natural beauty of the premium oak hardwood, celebrating its rich grain, warm tones, and unmatched durability. There are a total of three bed options in this collection. The two wood beds are both very inviting and use the updated wood finishes to create a warm cozy feeling for the consumer, while the more contemporary styled upholstered bed is available in three fabrics and is where minimalist design meets maximum visual impact. Joinery merges timeless durability with a clean, contemporary aesthetic, offering pieces that seamlessly integrate into today's dynamic lifestyles.

Made from authentic Solid White American Oak

Our group is called Joinery because we highlight this time-tested wood construction technique that dates back centuries to connect key parts of our Poster Bed and our storage pieces to one another.

Both aesthetically pleasing and a time-proven construction technique, furniture featuring Wood Joinery is a timeless classic.

The Dado joint is used in our bedroom collection to connect the Bed Posts to the Top Cap Rail on the Poster Bed and – on our dressers, chests and night stands – to connect the pilaster to both the top rim of the cases and the pilaster to the bottom rail of our cases.

The group also features authentic Solid White American Oak lumber, with all its knots, wood grain and character... with pieces featuring clean, modern lines and custom burnished nickel & graphite bar pulls.

Authentic, timeless and up to date....

Custom Choices -- 3 beds, 3 finishes, 3 fabrics to choose from

Key Features of Transitional Modern Bedrooms (RH Style):

- Neutral Color Palette: Soft whites, taupe's, grays, and muted earth tones for a calming and elegant look.
